

Great to be at the AI Grid Summit 2026! ❤️

On 14–15 October, the AI Grid Community is coming together at the Forum Digitale Technologien in Berlin for two days of talks, workshops, networking and exchange.

This year's Summit focuses on **Connecting AI Research, Innovation and Application** and **Career Opportunities in AI** – bringing together young AI researchers and experts from academia and industry to exchange ideas, share perspectives and build new connections.

My personal highlight / insight:

[Add 1–2 sentences about a session, conversation, idea or takeaway that stood out to you.]

Sounds interesting? Find out more about AI Grid membership, eligibility requirements and how to apply here: ai-grid.org/en/for-students/
